

Trilogy Ladies 9 Hole Golf Club

Inclement Weather Policy

Purpose of this policy is to define how organized club play will be managed on days when the weather may be less than desirable.

This policy puts the ownership on our club members to make their individual decision and initiate communication to the Pairings Chair before the stated deadline.

Inclement weather is defined as rain, wind, cold, thunder, lightning or any conditions making play unsafe or uncomfortable. Let's face it, we have so many fabulous days to play, who wants to play when it's miserable.

Canceling play on the same day as scheduled club play requires prompt notification to the course golf shop. This process requires everyone to be accountable for making and communicating their decision. If the forecast is questionable, please act in a timely manner.

1. NO communications will be initiated by the Vice President (Pairings Chair).
2. Evaluate your desire to play **before 9am** on the day of club play.
3. Text Pairings Chair **by 9am** only if you DO NOT want to play. Find contact info on our [club website pairings page](#). Be sure to include your name in your text message.
4. The Pairings Chair will contact the golf course at 9am on day of play to reduce our number of players/tee times.
5. Remaining scheduled golfers need to recheck the website as pairings and tee times may have changed.
 - If all remaining golfers = 1, all club golf for that day will be cancelled and website will be updated with this notification.
6. If you need to cancel and failed to communicate with the Pairings Chair by 9am, you DO need to contact the course golf shop. [See golf course phone number on our club website \(bottom of home page\)](#).
 - Be prepared to state that you are cancelling for yourself only, and it appears our club will still have "X" number of ladies planning to play. Deduce this information by checking the remaining pairings. The Golf Shop does not have names. [See note below](#).
 - All remaining golfers need to be prepared to reshuffle pairings at the first tee box due to late changes. Organize yourselves into foursomes, threesomes or twosomes.
 - For your convenience, here's the golf course phone numbers:
 - i. Indian Palms ... 760-775-4444 ext 304. Don't be surprised if you have to call multiple times before someone answers.
 - ii. Woodhaven ... 760-345-7636.

Things you should know:

We are a club in good standing with the golf courses we play. Good standing means these courses trust our ability to manage our group play, being respectful of their need to maximize rounds per day. If we're in good standing, these courses do not require us to have a credit card

on file to be charged when we cancel. If we fail to cancel or are unreasonable about notifying them within a reasonable time period, they could invoke a charge for golfers who don't show up. We want to remain in good standing wherever we play.

Group text messages initiated by the Pairings Chair are not reliable. Some phones don't receive group messages with too many participants, some services don't seem to be consistent in delivery, so it's problematic. Some roster information for mobile phone numbers and email addresses may be incorrect.

When tee times are made for club play, we provide number of players and request the appropriate number of tee times to accommodate our group. We do not provide player names as this is too much information to pass along in a weekly phone call, and the golf courses are not elegant in their processes for managing our tee times. This makes it difficult/confusing for individuals to call and cancel based on player name.
